EDUCATION

Rhode Island School of Design (RISD)

Providence, RI

B.A. Industrial Design

June 2026

Relevant Coursework: Wood I, Wood II, Metal I, Designing with SolidWorks, Design Principles I, Design Principles II, Manufacturing Techniques, Web Design, Responsive Screen Design and Generative Content Production, Advanced CAD, Designing Food

SELECTED DESIGN WORK

THE WORST MUG

Industrial Design / Product Exploration

- Designed an intentionally poor outdoor mug, then developed focused variations around function, ergonomics, and aesthetics.
- Used iterative CAD, physical models, and comparative evaluation to examine how individual design priorities affect usability and form.

LEMON LID

Material + Dining Experience

- Developed a performative dining experience centered on a breakable isomalt surface, lemon aroma, and dry ice.
- Explored materials through CAD, silicone molding, edible-material testing, prototyping, and repeated form experiments.

OBJECTS OF LIGHT

Lighting Studies / Form Exploration

- Created Rhino-based lighting studies exploring form, translucency, atmosphere, and the relationship between light and surrounding space.

HOW MUCH HAVE YOU LOST

Graphic Design / Public Intervention

- Designed and installed approximately 30 currency-inspired stickers using the familiarity of a \$100 bill to prompt reflection on gambling losses.

EXPERIENCE

Chungchoon Sikdang | Fort Lee, NJ

Mar 2026 - Present

Visual Design & Brand Content

- Create visual and brand materials for restaurant marketing, including digital graphics, photography, social content, menus, and promotional assets.
- Work with restaurant leadership to maintain a consistent visual identity across customer-facing touchpoints.

Daeji Ssonday | Ridgefield, NJ

Jan 2024 - Present

Visual Design & Brand Content

- Support restaurant branding and marketing through graphics, promotional content, photography, and visual materials for print and digital use.

Ace Education | Hackensack, NJ

Jun 2022 - Aug 2022

Summer Camp Teaching Assistant

- Supported Pre-K through 5th-grade students with drawing, coloring, math, classroom activities, and day-to-day supervision during a summer program.
- Created illustrations, activity materials, and pamphlet graphics to make lessons and camp programming more engaging.

Open Door Church | Leonia, NJ

Jun 2024 - Aug 2024

Art Program Assistant

- Supported summer art programming by preparing materials, assisting participants with projects, and providing individual guidance during activities.

SKILLS

DESIGN TOOLS

Rhino 3D | SolidWorks | KeyShot | Figma | Adobe Illustrator | Adobe Photoshop | Adobe InDesign | Google Slides

PROTOTYPING & FABRICATION

Woodworking | Metalworking | Model Making | Silicone Molding | 3D Printing | Laser Cutting | Physical Prototyping

DESIGN METHODS

CAD Modeling | Sketching | Design Research | Form Development | Manufacturing Methods | Visual Presentation
